

Keep all your work in one secure place with online file storage.

After you store your files in Google Drive, you can share them with others and access them on any computer, smartphone, or tablet. When you change or delete a file stored in one of these locations, Drive makes the same change everywhere else so you don't have to.

1 Click **NEW** to...

a Upload any files (such as PDFs, videos, and pictures) and folders from your computer.

b Create new documents right in your browser.

Description	Example uses
